

FOREVER®

## How to switch from STORYBOOK CREATOR™ TO FOREVER ARTISAN™

This information is for current users of StoryBook Creator branded software who wish to transition to the Forever Artisan program. StoryBook Creator is no longer being supported or updated and cannot be re-activated if it is necessary to move the software to a new computer. We recommend that you make the switch to Artisan 4 or Artisan 5. As the official software trainers for Forever, we are here to make your transition as smooth as possible.

### PURCHASE AND INSTALL FOREVER ARTISAN

[Artisan 5](#) is the latest version of the software. It requires a 64-bit version of Windows 7, Windows 8, Windows 8.1 or Windows 10. [Artisan 4](#) can be run on 32 or 64 bit versions of those operating systems as well as Windows Vista and Windows XP. We recommend Artisan 5 for all users with a 64-bit operating system. A 30 day [free trial](#) of Artisan 5 is also available.

### OPEN FOREVER ARTISAN

Artisan looks very similar to StoryBook Creator 4.0. There have been some significant functions added, but the screen will be familiar and easy to navigate.

### TRANSFER CONTENT FROM STORYBOOK CREATOR TO FOREVER ARTISAN

When you open Artisan, you will see this message:

- Check all the boxes and click Migrate Now.
- If you don't migrate now, you will get asked every time you open Artisan. Migrating allows your projects, digital content, activation codes, categories and tags to be accessed within Artisan, to make the transition seamless and painless.
- Wait a few seconds. You will then see a success message saying "Migration Complete".
